

Govt. of NCT of Delhi
G B Pant Govt. Engineering College
Appeal to End the Protest

Dated: 2-4-2017

1. While the order dated 30.03.2017 stating that no student should stay in the college premise after 5.30 p.m. was issued and purely intended to maintain safety and security of the students as apart from imparting quality education to make engineers for tomorrow, the safety and security of the students in the college premise is paramount for us.
2. However, a group of students started sitting in front of the college gate and are still there. Though, I along with a group of faculty members tried to convince these students to restore normal academic activities (on Friday 31-3-2017) but our efforts were futile.
3. These students are still sitting on the road in very inhuman, unsafe and unhealthy conditions and it worries and distresses me and other faculty members of college.
4. **I very strongly advice these students to call off such agitation immediately. We want to ensure your welfare, health, safety and therefore, I once again appeal you to call off your protest and start regular academic activities.**
5. You will also appreciate that new campus cannot be build overnight and your valid demands will surely be met in due course and at the same time we need your inputs for a better campus. I assure you that the administration very well understands your concerns regarding the campus building and all possible actions are being taken to provide a new campus building and strengthening of labs and equipments.
6. I also appeal to the Parents of the students to advice their wards to maintain normalcy on the campus and focus on the academics.

Prof. S.Maji
